If city not found then error message is as shown below

Responsive Design:

Ensure the layout and elements of the Weather App adapt to different screen sizes and devices, such as desktop, tablet, and mobile.

```
@media screen and (max-width: 600px) {  
  /* Adjust styles for smaller devices */  
  body {  
    font-size: 14px;  
  }  
}
```

Styling and Branding:

Apply appropriate styles, colors, and branding elements to create a visually appealing and cohesive design.
